**OUR SERVICE FLAG**  
This paper has enlisted with the government in the cause of America for the period of the war.....

Most of us are glad to hear from our old friend Kerenky.

Times have changed when the sons and grandsons of reconstructed rebels of the South are proud to be called American Yankees.

Kerenky says all Russia needs is economic and financial aid and she will be stronger than ever. We hope he is right about it.

The Municipal Court of Paris has changed the name of the Avenue Trocadero to that of "Avenue President Wilson." Street signs bearing the new name will be placed in position on the Fourth of July.

As a result of a conference between the local food administrator of Henderson and the meat dealers, it was decided to sell no beef in Henderson until September 15. Faced with the proposition of selling beef only two days a week, the meat men found there was no practical way to handle it on this basis.

Americans are gradually encumbering themselves with some useless mouths to feed. Last month they picked up 250 Huns at one time and 50 the next day. Now comes the report of 260 more. Why not imprison them in Red Cross hospitals and leave them to the mercy of their own aviators?

Mrs. D. H. Kinchele, of Madisonville, wife of Representative Kinchele, and Miss Margaret Helen Rippy, of Lawrenceburg, who was graduated last week from the Louisville Conservatory of Music, entertained the named American soldiers who have returned from France at a Washington musicale held at the Walter Redd General Hospital Wednesday night. Both are musicians of exceptional ability.

The one thing lacking is about to be accomplished. Signor Caproni, the Italian airplane inventor, already has a machine capable of flying across the Atlantic, and is ready to send it to his country, or to build one here, according to his plans. The Executive Committee of the Aerial Club of America was advised by Lieut. Boloni, of the Royal Italian Flying Corps. Hundreds of aviators he declared, would willingly undertake the initial flight. The plane it was stated after the meeting, will be laid before the proper Government officials in Washington with the recommendation that Signor Caproni's offer be formally accepted through the Italian Government.

In his statement to Alan R. Hawley, president of the club, Lieut. Boloni pointed out that the machines could be built in American airplane factories, in large numbers, and as there were plenty of airmen available for the service there only remained organization faith and skill to make trans-Atlantic flying successful and forever solve the problem of transporting the machines to the front lines.

## U. S. AIRPLANES ACTIVE IN TOUL

Pursuit Squadron Engages in Number of Clashes.

## MORE VICTORIES ARE SCORED

Tennessee Aviator Achieves Success in Unequal Combat—Brings Down One Hun and Evades Three Enemy Planes When His Machine Gun Became Jammed—Auto Racer Scores Another.

An American aerial pursuit squadron is operating over the American sector northwest of Toul. It is permitted to announce. All the pilots whose air exploits have been recorded up to this time belong to this squadron, which has a special insignia. The squadron is flying in Nieuport chasing machines.

The first victories, in which the American squadron brought down two German machines, were gained the day after they took up flying in this sector. The occupants of the German machines were made prisoners.

Other machines, aside from those in this squadron, also are flying on the Toul front. The fact that an American squadron was there could not be mentioned previously because it was not desired that the Germans should know of the fact.

But after there have been so many shots at close range and two American machines have fallen it is believed certain the enemy knows an American squadron is operating on this front. There is also the fact that Capt. James Norman Hall has fallen behind the German lines and been made a prisoner.

## Downs German Airplane.

Lieut. Edward Buford, Jr., of Nashville, Tenn., was officially credited with shooting down a German airplane over St. Mihiel on May 22.

Buford while patrolling encountered two German pursuit planes. The fighting continued only a few minutes. Lieut. Buford attacking one of the German planes, which tried to lead him into the fire from the other. Suddenly Lieutenant Buford looked overhead and saw two more Germans coming down from out of the clouds for him. He took a dive, all of the Germans diving at the same time, and when he came up he had one of the enemy planes in front of him. Buford began firing with his machine gun, causing his adversary to disappear in a nose dive. Although he was sure he had hit the German, it was not until later that the victory was confirmed.

A few minutes later Lieutenant Buford by maneuvering managed to get behind two of the remaining three machines and opened fire, but his machine gun jammed. As he was unable to use his weapon he started in a series of skillful dives and turns and was successful in shaking off the three enemy planes.

Lieut. Edward Rickenbacher, the former automobile racer, has added another aerial victory to his record. Announcement was made that it had been confirmed that the lieutenant shot down a German biplane in the neighborhood of Thiaucourt on May 22. The fight took place 5,500 meters in the air.

## Gets on Enemy's Tail.

With another pilot Lieutenant Rickenbacher engaged in a long fight with two enemy machines. Rickenbacher finally got on the tail of one machine and fired more than a score of shots at short range. The enemy machine went into a spinning nose dive, but it was uncertain whether it hit the ground, so the lieutenant was not credited with a victory at the time. Positive confirmation that the machine crashed to the ground has since been obtained.

No confirmation is obtainable concerning the German report that three American airplanes have been shot down in the Lys region.

## FAMILY IN SIX WARS

Some Member Has Served the United States in Each One.

When F. Levi Dees, aged fifty, enlisted recently in the engineering corps in St. Louis, a record of 140 years was perfected, a member of the Dees family having served in every one of the six wars in which the United States has participated.

His great-grandfather served in the Revolution, furnishing his own rifle, clothing, etc. His father, Justice J. H. Dees of Edwardsville enlisted for the Civil war at the age of fourteen.

Levi Dees is an expert engineer, and his age, which in other branches would be considered a drawback, was regarded as an asset. After passing the examination he was sent to Wilmington, Del.

## COAL ALLOWANCE REDUCED

No Fuel for Heating Being Sold in Paris.

The allowance of coal in Paris is being reduced in view of the smaller requirements of the summer. Coal will be sold during the summer months only for kitchen use and the coupons which permit one to purchase a certain quantity for the heating of living rooms will not be available.

## UNREDEEMED LAND TO BE SOLD FOR TAXES

In accordance with the laws of the State now in full force, it will sell at public sale to the highest and best bidder the following described property or so much thereof as to pay the tax, cost and penalties now due the State of Kentucky and county of Christian by the parties hereinafter mentioned.

This sale will take place at the door of the Christian County Court House in Hopkinsville, Ky., on the 1, 2 and 3 days of July, 1918, at 2:30 o'clock p. m. and will continue thereafter without further notice.

Deed with Fee Simple Title will be given the highest and best bidder, AND NOT ANY OF THE PROPERTY WILL BE SUBJECT TO REDEMPTION THEREAFTER.

Any Parties desiring final opportunity to redeem their property can do so by seeing me at my office in Greenville, Ky., on any day previous to the date of this sale, viz., by mailing to me at Greenville, Ky., by registered mail check or money order for amounts as hereinafter set out, giving correct post office address for receipt to be returned, and the lien will be properly released of record.

Very Respectfully Yours,

W. H. GRAY,

Revenue Agent for State at Large.

in charge, but these are some of the things the boy did after retiring: Escaped in his "nightie" and galloped through the car yelling like an Apache Indian; amused himself by hitting over the head with the General's slippers everybody who walked through the aisles, tossed a cupful of ice water on his sleeping mother; mixed up the shoes the porter was shining; peeked into half a dozen berths, howling with delight as the occupant screamed. As a child

max he crawled into bed with the General and went to sleep.

## MISS CAYCE PRESIDING

During the absence of Miss Moore, Miss Elizabeth Cayce is presiding at the organ at the Westminster Presbyterian church.

Jeffersonville weddings continue to average several a day. There were 12 Monday.

Come to see us and we will show you something interesting.

Office: Pennyroyal Building.

## Better Banking Service for Farmers

The Federal Reserve Banking System, with combined resources of a thousand million dollars, has been established by Act of Congress to stand back of the arming and business interest of the country.

We are members of this system which enables us, better than ever before, to supply our farmers with the credit and currency they need for producing crops and to protect them against disorganized markets.

If you are not linked up with this system as one of our depositors come in and let us tell you how it helps you.
